

KNOW THE FACTS, HELP OUR YOUTH

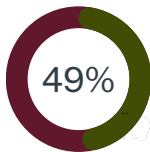

OUR YOUTH SAY:

...do not have an adult to go to for a problem

... binge drink or used marijuana

...cannot talk with parent about substance use

... it would be easy to get prescription pain medicine not prescribed to them

SUBSTANCE USE:

- affects youth **brain development**
- occurs with other **risky behaviors** such as dangerous driving
- places youth at risk of **overdose**
- higher risks of **developing a substance use disorder**
- **mental health is sometimes invisible**
- **RECOVERY IS POSSIBLE**
